### Chapter 1 by VelaVale

It was a rainy night in Nexultic and the majority of the town was asleep as is customary in "Natural Places". I hated that term! People who lived in the Hills were always hating on the people like me who didn't. Who am I you ask? Well you'll find out soon enough!

I was asleep also till I heard some police sirens. "Hmm.. That's odd", I pondered as police very rarely are around here at this time of night. Sitting up in bed, I look out the window. Not only were there sirens but they are right outside our house?

Getting out of bed in my PJs and holding a teddy bear, I look around for my parents. "Mom? Dad?", I called out to no reply for a few minutes till I finally hear a response... but it's not them.

"Are you Cosmcala Vela, little lady?" It was the one of the police officers. Slightly scared and combined with my shyness I manage to stutter a quiet yes. "Can I take you back to the station to ask you a couple of questions about your parents?"

"Where are they?", I stuttered again, visibly shaking. Where are mom and dad? Why are the police here? Why am I being taken to get a test?

"They will be at the station", he told me. Little did I know this would be the start of a big world.
